**AS THE WHEEL TURNS**

~ **Bill Learmont** noted that **Boyd Ivens** had joined the President wannabe table. **President Don** had happy dollars for **Bill Learmont** being at the table exactly opposite and across the room.

~ **Gail Hussman** had problems with **Grace** as she was interrupted by **Doug Hooper** claiming responsibility for the beautiful day.

~ **Eleanor McWhannel** was in the Sun Run as was **Lutzi Etter**. **Dave Hamilton** gloated that he had beat the time of the "other" Dave Hamilton.

~ **Bryan Kelly** related a story about a conversation with **Greg Hoover** about his building project (see quotes)

~ **President Don** apologized for sending a computer virus to all of us

~ **Bill Kushnir** insisted that **Guenther Schreiber** be fined since **Guenther** seems to check the weather report before he does

work on bill's yard. It always is windy after the yard has been cleaned - necessitating a second round of cleanup.

### PROGRAM

Craig Foster, president of the Recycling Council of BC, and Natalie Zigarlick's boss, was our speaker. He talked about environmental sustainability, and noted that his council is a hard working group that represents people from business, manufacturing, and the public.

Deposits on bottles and cans, has worked very well to reduce garbage in the landfills. Research is being conducted to find ways to further increase recycling in BC – one piece of the puzzle at a time. They have had great success with their recycling hotline. Recycling has now become a global reality, opening up the markets for products and even showing up on the commodities markets. One problem still remains and that is Construction waste.
