The 4 Way Test of the things we think, say, or do

- 1 Is it the **TRUTH**?
- 2 Is it **FAIR** to all concerned?
- 3 Will it build **GOODWILL & BETTER FRIENDSHIPS**
- 4 Will it be **BENEFICIAL** to all concerned?

PROGRAM

Laura Kuhn – our exchange student – gave her talk after being introduced by **Roger Pryke**. **Brenda Delf** started by saying that she loved to have family around and that Laura had filled a void since her daughter was away for three months in Australia. They had enjoyed golf, gardening, and Sunday Dinners together. Brenda will be visiting Laura's family in Belgium in September.

Laura spoke about why she chose to be an exchange student, and stated that she has older sisters in the program. She has had so may experiences, has learned so much and has so many wonderful memories. She is glad to have been here and has learned so much about herself. She had lost of fun with the other exchange students, and says the biggest difference here is that

Canadians work too hard relative to Europeans.

Nancy Wells thanked Laura for her presence in their house and for the memories. **Graham Mallett** was her first host family and congratulated Laura on her speech in English. **Roger Pryke** thanked Laura and all of the host families.

STUFF

Mary Cecil visiting from Rockwell Texas, presented our club with a banner for our collection.

ROTARY CORNER

From the RI website www.rotary.org - if you cannot attend the conference in San Antonio.....

Gloria Rita and I welcome you to the Rotary International 2001 **Virtual Convention** web site. We are **currently under construction** and will go "live" on **June 22** with daily (hourly) updates throughout the 2001 Rotary International Convention, Rotary Institute and RYLA International Convention and all other Rotary related events being held in San Antonio, Texas (USA) 22-27 June, 2001. Be sure to **REGISTER** and also be sure to put your comments in our **GUEST BOOK** so we can make this the best web site possible.

This is the very first time that Rotary will have a "Virtual Convention" that will enable Rotarians around the world to view both the Institute and Convention activities and proceedings soon after they occur throughout both events. This is being made possible through the efforts of my webmaster who has designed and built this web site in preparation for the San Antonio Convention. Then, during the convention, she will be joined by a team of "reporters" with digital cameras who will provide the hourly / daily reports and photos that will then forward to her for posting to this Virtual Convention web site. As new pages are posted, our worldwide translators will be advised so they can make many of the pages available in a variety of languages. This will be an exciting event and I invite you to participate often during the convention.
